

Kindergarten Lesson Plan: Dream Big with Chickity and CluckWerks - Utilizing the book, "Chickity PooPoo and the Pootertoot Wigglyplot Flying Machine."

Duration: 45-60 Minutes

Focus: Listening, creativity, and simple narrative parts.

Objectives:

1. Understand Chickity's dream and journey.
2. Identify the moral: persistence, importance of imagination, asking for help, always trying your hardest.
3. Create a flying craft using LEGO, art supplies, or drawing.

Materials:

- Copy of *Chickity PooPoo and the Pootertoot Wigglyplot Flying Machine*.
- Simplified story map (beginning, middle, end).
- LEGO bricks.
- Random art supplies (pipe cleaners, pom-poms, feathers).
- Drawing paper and crayons.
- CluckWerks Builder Certificate template.

Activities:

1. **Book Reading (15 Minutes):**
 - Teacher reads the book aloud, showing illustrations and emphasizing Chickity's dream.
 - Ask simple comprehension questions like, "What did Chickity want to do?"
2. **Story Mapping (10 Minutes - Optional):**
 - Work together to fill out a large story map (beginning, middle, and end).
3. **CluckWerks Craft Building (15-25 Minutes):**
 - Provide LEGO, art supplies, and drawing materials for students to create their flying crafts.
 - Encourage creative names for their crafts.
4. **Celebration (5-20 Minutes):**
 - Distribute CluckWerks Builder Certificates, with students' names and their craft names. Allow students to demonstrate, explain and display their flying crafts to assembled students.

This lesson plan emphasize creativity, teamwork, and the importance of pursuing dreams, all while engaging students in fun and imaginative ways. Book may be purchased at: <https://amzn.to/4gxYuzl>
Certificate available at: <https://www.terribulladventures.com/pdf/CBC.pdf>

1st Grade Lesson Plan: Flying High with Chickity and CluckWerks - Utilizing the book, “Chickity PooPoo and the Pootertoot Wigglyplot Flying Machine.”

Duration: 50-60 Minutes

Focus: Story retelling, moral understanding, and creativity.

Objectives:

1. Retell the story using a story map.
2. Identify the moral: persistence and teamwork.
3. Design a flying craft using LEGO, art supplies, or hand drawings.

Materials:

- Copy of *Chickity PooPoo and the Pootertoot Wigglyplot Flying Machine*.
- Story map templates.
- LEGO bricks.
- Random art supplies.
- Drawing paper, crayons, and markers.
- CluckWerks Builder Certificate template.

Activities:

1. **Book Reading (15 Minutes):**
 - Read the book aloud and pause to ask, “What do you think will happen next?”
2. **Story Recap (10 Minutes):**
 - Complete a story map as a class, identifying main events.
3. **CluckWerks Craft Building (20 Minutes):**
 - Students create flying crafts using LEGO, art supplies, or drawings.
 - Help students brainstorm creative names for their crafts.
4. **Celebration (5-15 Minutes):**
 - Distribute CluckWerks Builder Certificates, with students’ names and their craft names. Allow students to demonstrate, explain and display their flying crafts to assembled students.

This lesson plan emphasize creativity, teamwork, and the importance of pursuing dreams, all while engaging students in fun and imaginative ways. Book may be purchased at:
